
CU Code
3194-000

Employer
Classification

Turbine and Mechanical Power Transmission Equipment

Status

Compulsory under Schedule 1

Scope

Business activities include manufacturing hydraulic and mechanical power transmission equipment, turbines (except for aircraft), and parts for nuclear power reactors.

This category also includes the production of

- engine parts, diesel (excluding automotive and locomotive)
- hydraulic cylinders
- hydraulic power transmission equipment and parts
- mechanical power transmission equipment and parts
- nuclear power reactor parts (excluding nuclear fuel bundle containers)
- pneumatic power transmission equipment and parts
- turbines and parts, steam, hydraulic, or gas (excluding aircraft and automotive).

Maintenance, service or repair on *mobile* industrial machinery and equipment falling under this CU is considered incidental to the manufacturing activity.

One-off maintenance or repair is included as an incidental activity and is not classified separately.

Excluded is the taking of contracts to maintain, service or repair stationary industrial machinery and equipment whose manufacture falls within this CU, and is classified in G-707-05, Industrial Maintenance and Repair Contracting.

Note

The on-site erection, hoisting, installation, dismantling, removal, or re-installation of large-scale, *stationary* machinery and equipment whose manufacture falls within this CU is classified separately according to the listing for G-737-01, Millwright and Rigging Work.

Mobile is defined as requiring mobility (either self-propelled or towable) for its operation. *Stationary* is defined as permanently fixed or mounted in place.
