Maintenance, service or repair on *mobile* industrial machinery and equipment falling under this CU is considered incidental to the manufacturing activity.

One-off maintenance or repair is included as an incidental activity and is not classified separately.

Excluded is the taking of contracts to maintain, service or repair stationary industrial machinery and equipment whose manufacture falls within this CU, and is classified in G-707-05, Industrial Maintenance and Repair Contracting.

Note

The on-site erection, hoisting, installation, dismantling, removal, or re-installation of large-scale, stationary machinery and equipment whose manufacture falls within this CU is classified separately according to the listing for G-737-01, Millwright and Rigging Work.

The manufacture of automotive or other vehicle lifts and hoists is excluded from D-403-03, Other Machinery and Equipment Operations and is classified in D-411-01, Construction and Mining Machinery Operations.

Mobile is defined as requiring mobility (either self-propelled or towable) for its operation. *Stationary* is defined as permanently fixed or mounted in place.
