

CU Code
9942-000Employer
Classification**Custom Welding Services Amendment/07**

Status

Compulsory under Schedule 1

Scope

Business activities include custom welding services such as

- acetylene welding service
- blacksmith service
- brazing (welding) service
- electric welding service (excluding construction site)
- repair work, welding
- welding shops.

Also included here are custom on-site welding and mobile welding services.

The supply of a certified welder is classified in this CU.

Excluded from this classification unit is the high-precision repair or refinishing of moulds using the TIG (tungsten inert gas) welding process.

Note

In the supply of labour industry, the agency supplying and paying the worker, not the employer to whom the worker is supplied, is responsible for covering the agency's workers under the *Workplace Safety and Insurance Act*.

These workers perform a variety of functions that are normally

- part of the day-to-day operations, and
- usually carried out by permanent staff of the employer to whom they are supplied.

The activity of the worker, not the business activity of the employer to whom the worker is supplied determines the classification of the worker's earnings.

All workers supplied are compulsorily covered under Schedule 1 even if

- the work activity they carry out, or
- the business activity of the employer to whom they are supplied

is not covered according to the "Status" line of the relevant CU in the ECM.

All business activities carried out underground for the mining industry are considered mining activities and must be classified in the appropriate Class B - Mining CU.
