

CU Code
9949-000**Employer
Classification****Other Repair Services**

Status

Compulsory under Schedule 1

Scope

Business activities include custom repair services which are not elsewhere classified.

This includes

- cutlery sharpening
- gunsmithing
- harness repair
- key duplicating
- lawn mower sharpening
- locksmithing
- saw sharpening
- scissor sharpening
- small engine repair (including lawn mowers, and outboard motors not in conjunction with a marina operation).

Included here is minor repair work to chips or cracks in windshields without replacing the glass, except when carried out as part of an operation that installs or replaces motor vehicle windshields and windows.

Also included is the specialized repair of small, portable motor vehicle or industrial combustion components such as

- carburetors
- diesel injection systems
- gas injectors
- turbo chargers.

Excluded from this category are garages performing general or specialized repairs on motor vehicles.
